Terms of Service

- Processing fees are based on incoming fleece weight. Average processing loss is approximately 35%, but may be higher depending on fleece condition. Thoroughly skirt fleeces and remove as much dirt and vegetable matter (VM) as possible to minimise losses.
- We do not skirt fleeces. We expect fleeces to be delivered clean, dry and prepared to a standard suitable to you for your finished product.
- Fleeces must be free from moth damage, excessive VM, burrs and other foreign matter.
- We reserve the right to refuse unsuitable fleeces. Refused fleeces will be returned at the client's expense.
- While we make every effort to remove VM, we cannot guarantee complete removal, particularly from fine fleeces.
- We process fibre lengths of 60–150 mm only. Fleeces over 150 mm will not be accepted. Shorter fleeces result in higher processing losses.
- Fleeces must be supplied in clean, sealed bags, with a completed processing form inside each bag.
- Yarn is finished as standard in unweighed skeins.
- A 50% deposit may be required for larger orders. The balance is due on completion, prior to collection or dispatch.
- Invoices are payable within 7 days. Full payment is required before dispatch.
- **Prices are current as of 7th October 2026 and are subject to change without notice. All prices include GST.**
